

RATCHATHANI UNIVERSITY DEMONSTRATION SCHOOL (SATIT RTU)

CENTRE PROFESSIONAL DEVELOPMENT POLICY

We have a comprehensive approach to professional development for our teachers, with regular on-site training sessions conducted by guest experts. Additionally, termly inset sessions are organized to enhance teaching methods that align with the Cambridge Early Years Curriculum. We encourage our staff members to engage in reflective practices, continuously striving for improvement in their teaching.

Furthermore, our commitment to professional growth extends beyond on-site sessions. We motivate our teachers to participate in webinars and other forms of professional development, including annual mindfulness seminars.

Regular reviews and updates to our professional development policy ensure its alignment with the evolving needs of our staff and the educational landscape. This dedication to continuous improvement underscores our commitment to fostering a culture of learning and development within our institution.
